

Sunoco \$3,000 Sponsorship for the 2010 Oregon Region SCCA Road Racing Championship Series

Oregon Region SCCA is pleased to announce a sponsorship arrangement with Sunoco Race Fuels. Sunoco will be awarding \$3000 to SCCA Road racers participating in the program over the 2010 Oregon Season. Sunoco is synonymous with high performance fuels in nearly every discipline of racing and Oregon Region is pleased to have Sunoco assist in sponsoring our 2010 racing season.

Sunoco sponsorship funds will be distributed to participating drivers drawn at random in selected Oregon Region events. These events will be April, May, Rose Cup, and both scheduled October regional events. Participating drivers must register their participation with Race Registration on the event weekends prior to qualifying and random drawings will be made for awards. Winning drivers must provide proof of purchase of Sunoco fuels, carry Sunoco sponsorship decals on cars and have a suit patch. Detailed instructions will be posted. Materials are expected to be available at the March open event weekend for drivers wishing to participate and at Race Registration during later events.
