

2018 OREGON REGION VINTAGE SUPPLEMENTARY REGULATIONS

1. **PURPOSE:** To provide a venue for people with competition cars who, for various reasons, do not wish to participate in full Regional or National competition events yet want involvement in the exciting sport of vintage road racing. Preservation of these cars in a racing environment is viewed as important to the sport and to our club. Retention of experienced vintage drivers fosters continuity of our valued SCCA history and culture.

These Supplementary Regulations lay out car preparation standards as well as driver conduct standards and are considered part of the Oregon Region Entry Form as required for including Vintage/Historic cars in SCCA programs per General Competition Rules (GCR) section 3.1.4. Vintage run groups are conducted according to the Event Supplementary Regulations, the Vintage Supplementary Regulations and the SCCA General Competition Rules. The only exceptions to compliance with the GCR and its provisions are contained in these Supplementary Regulations and relate to,

- (1) acceptable racing licenses for drivers and
- (2) car preparation allowances as allowed per GCR 3.1.4.C. Section 7 in these Vintage Supplementary Regulations provides the specifics on car preparation.

It is the general policy of Oregon Region to recognize cars originally manufactured 25 years ago and earlier in the Vintage Racing Group.

2. **DRIVER ELIGIBILITY:** Drivers must be current SCCA members. Acceptable licenses for individuals participating in Oregon Region events are listed in GCR 3.1.4. The SCCA Road Racing Board defines the requirements for an SCCA Vintage competition license.

The following licenses are also accepted for participation in the Oregon Region Vintage run group.

BMW Car Club of America (BMWCCA)
Classic Sports Racing Group (CSRG)
Corinthian Vintage Auto Racing (CVAR)
Historic Motor Sports Assoc. (HMSA)
Historic Sportscar Racing Group (HSR)
International Conference of Sports Car Clubs (ICSCC)
Porsche Club of America (PCA)
Rocky Mountain Vintage Racing (RMVR)
Society of Vintage Racing Enthusiasts (SOVREN)
Sportscar Vintage Racing Assoc. (SVRA)
Vintage Auto Racing Assoc. (VARA)
Vintage Auto Racing Assoc. of Canada (VARAC)
Vintage Driver's Club of America (VDCA)
Vintage Motorsports Council (VMC)
Vintage Racing/British Columbia (VRCBC)
Vintage Sports Car Club of America (VSCCA)
Vintage Sportscar Driver's Association (VSDA)
Vintage Sportscar Racing, Inc. (VSCR)

3. DRIVER CONDUCT:

Vintage drivers are expected to provide a safe and enjoyable environment for all participants and spectators. This requires recognizing that vintage grids include cars of many ages with great disparities in speed, cornering, and braking capabilities. Drivers, as well, tend to possess widely varied experience and ability. Accordingly, drivers are expected to exercise great care, prudence, and courtesy in traffic and in passing.

The slowest car and driver has as much right to be on track as the fastest, and all drivers must conduct themselves accordingly and make room for each other.

Drivers of slower cars are reminded to watch their mirrors and allow faster cars room to pass (both on the straights and in the corners). See Section 6.11. "Rules of the Road" in the GCR.

4. CAR-TO-CAR CONTACT: Contact is **absolutely contrary** to the spirit of Vintage racing. Drivers judged at fault may be penalized with exclusion from the event with the possibility for referral to the Stewards of the Meet (SOM) with the possibility of probation or suspension of driving privileges at the discretion of the event Chief Steward. The event Chief Steward may rely on advice from the NORPAC Vintage Series Chief Steward and/or the Region's Vintage Committee.

5. CAR ELIGIBILITY FOR VINTAGE CLASSES: Generally, cars originally manufactured in 1993 or earlier that have been prepared to, restored to or preserved in vintage/historic racing condition as far as possible.

Examples include 1993 or earlier cars with racing history and 1993 or earlier production cars restored to, prepared to, or converted for, racing to these Vintage Supplementary Regulations and specifications.

Safety improvements are encouraged (see car preparation requirements, Section 7).

Continuation model years later than 1993 may also be accepted in vintage.

SCCA has reissued publications for earlier years to help in determining appropriate configurations.

Special interest cars may be included at the discretion of the event Chief Steward with the advice of the NORPAC Vintage Series Chief Steward or Vintage Committee. Logbooks from vintage organizations listed in Section 2 will be accepted for Oregon Region vintage classes only.

Cars accepted for vintage group participation may not necessarily qualify for regular SCCA regional or national run groups.

Cars prepared and presented for Vintage Classes and not eligible for regular SCCA classes shall be issued a special Vintage Log Book (this may be a regular SCCA log book stamped or marked to indicate acceptance in only the Vintage Run Group).

6. CAR CLASSES:

VP1 – Production cars up to 1900cc

VP2 – Production cars 1901cc up to 3200cc

VP3 Production cars over 3200cc

VFSR – All Formula and Sports Racers (no displacement split)

Production cars that are substantially faster than the majority of other cars in their class may be asked to move into the next class. The decision to move a car shall be at the discretion of the Event Chief Steward with advice from the NORPAC Vintage Series Chief Steward or Vintage Committee.

7. CAR PREPARATION: All Vintage cars must conform to Appendix Z of the SCCA

Vintage Competition Rulebook (VCR), publication #5684 dated March 2005. Roll cages as defined in Appendix Z (pages 13 – 26) of the current VCR are required in all production cars considered model year 1973 or later.

There is no requirement for cars from model year 1972 or earlier to have roll cages; however, members are encouraged to install roll cages in such cars where satisfactory installation can be achieved. At a minimum, roll bars are required for production cars from model year 1972 or earlier. Where allowed, roll bars must conform to Appendix Z of the VCR (pages 27 -31).

Vintage cars shall have no minimum weight requirement.

Driver restraint systems must meet current GCR requirements. Driver window safety net or arm restraints are required in closed cars. Open cars require arm restraints.

NOTE: An SCCA approved Head and Neck Restraint device is required for all SCCA classes including vintage beginning in 2012. See the current GCR for details.

Page numbers listed from the Vintage GCR relate to the 1972 Vintage GCR requirements.

8. TIRES: Must be approximately the same size, width, and profile as those originally offered on the car (either on the standard or optional rim). All cars participating in the vintage production classes (VP1, VP2, VP3) shall use DOT molded tread tires. Formula and Sports Racing (VFSR) cars may use slicks. Formula or Sports Racing cars that may run in other racing classes (e.g. Formula Ford or Club Ford) should run the "spec" tire required by the class rules. A one event per year waiver for the use of slicks by any car may be granted with the approval of the event Chief Steward as advised by the NORPAC Vintage Series Chief Steward or Vintage Committee (a log book notation of the exception will be made). Avon, Goodyear and Dunlop vintage tires that have been re-grooved to a specific pattern are allowable. Shaving of excess tread (as in the Improved Touring Classes) is permitted.

Note the reasoning behind the treaded tire rule includes (but is not limited to):

- 1) Reduction of cornering loads on elderly suspensions;
- 2) Equalization of cornering speeds to keep drivers from trying unsafe passes (reducing the opportunity for contact) and because we are running cars of greatly varying speeds in one group.

9. FUEL: Vintage classified cars participating in the Vintage Run Group shall meet fuel specifications as defined in GCR 9.3.26. This allows cars running in Vintage Classes to use unleaded pump gas if they so choose.

Leaded racing fuel is also acceptable.

Cars running in only Vintage Classes do not require a fuel port.

However, fuel used in any vintage class car may still be tested.

10. SPLIT START: All Vintage races should begin with a split start between formula/sports racing and production car groups unless the event Chief Steward or their designee determines the composition of the run group makes a split start unnecessary.

The lead group will be determined by the event Chief Steward or their designee as appropriate. It is recommended that the pace car pace the second group if only one pace car is available.

11. OTHER ISSUES: Cars that are upgraded to current level racing specifications may not be considered in the spirit of the Vintage group and may therefore be excluded.

A driver who's driving or other actions are observed to not be in the spirit of the vintage group as determined by the Event Chief Steward, with advice from the NORPAC Vintage Series Chief Steward or members of the Vintage Committee may be excluded from the run group (see Section 3).

Determination of car or driver eligibility or appropriateness for participation shall be at the sole discretion of the event Chief Steward with advice of the NORPAC Vintage Series Chief Steward or Vintage Committee. It is expected that individual situations will arise at various events (i.e. a second driver using a car that might otherwise be excluded) and final participation decisions will be determined by the Event Chief Steward with advice from the NORPAC Vintage Series Chief Steward or members of the Vintage Committee.

12. POINTS FOR YEAR END AWARDS:

Three (3) points are awarded for entering each sanctioned race event. (If the entry is withdrawn and fees

refunded, no points will be awarded.)

One (1) point for posting a qualifying time

One (1) point for every lap completed during the main race

Four (4) points for first through fifth place finishing positions (in class)

Two (2) points for sixth through tenth place finishing positions (in class)

One (1) point for eleventh through fifteenth finishing positions (in class)

Sprint or qualifying races will be counted at ½ point per lap completed.

Your best seven (7) races count toward the Oregon Region Vintage Championship;

Two out-of-region SCCA races may be used for points in the Oregon Region Vintage Championship.

Trophies will be awarded at the end of the season.

13. PENALTIES: Penalties will be in accordance with the current GCR and include but are not limited to the potential loss of Oregon Region SCCA Vintage Points.

14. AWARDS:

1) No trophies for finishing positions will be awarded.

2) Championship trophies will be presented at the Region's annual banquet to the winners of each class in the group. Points will be accrued based on Vintage events, with the best 7 event finishes accounting towards the year end points total. The Vintage events counting towards year end points are as follows. (If an additional Oregon Region Vintage event is scheduled add one to each of the event numbers listed, if a Vintage event is subtracted, subtract one from each of the numbers listed with a minimum of 6).

15. Vintage Group 2018 Schedule (PIR unless noted)

April 14-15 Regional Races (double race)

June 9-10 Regional Races (double race)

July 13-15 FOPIR Rose Cup Races (double race)

August 10-12 Regional Races (triple race)
